from

Green Wind Energy A/S

Poul Lind appointed new CEO

It is hereby announced that Poul Lind is as of 1st September 2009 appointed new CEO of Green Wind Energy A/S.

Poul Lind is today CEO of PowerSense A/S and is the former CEO of NESA (1998 - 2006) and Vice Executive President of Dong Energy (2006 - 2007).

Henrik Møgelmoose, Chairman of the Board of Green Wind Energy, states: "By appointing Poul Lind we have achieved getting one of the most experienced persons in the energy sector. Thereby, we can proceed with the good development which we are experiencing right now and create a strong platform for the continuous expansion of the company."
